Geographic location

You are located in the town of Gosier halfway between the beaches of Sainte Anne (Club Med beach) and that of Gosier.

Right next to the house you can directly access the great sea route (which is rare on the island, which allows you to reach Basse Terre while avoiding all traffic jams of the coastal road. You cannot go to Guadeloupe without accessing the natural park and the beaches magnificent which are on this part wild of the island. La Grande Anse is copacabana without the buildings... go to Paradise, the water-falls etc...

You can relax by the swimming pool which does 9 x4 and take a nap under the veranda (or in the rooms, all air-conditioned). We can go down for a morning bath or a fitness trail at Petit Havre beach, where the best surfing spot on this part of the island is also located. Kite surfing is 10 minutes away on Salines beach and of course on the municipal beach of Saint Anne, magnificent with all her little ones restaurants! The area is residential and very quiet at the end of a dead end.

Advice for getting around

To explore the island, you need a car. However, there are buses that pass at the end of the street.
